We both come from families that work really hard. Both of our parents work really hard. We're very working class.

I mean they don't call her Posh Spice for nothing, right? The internet is so impressed with David's hardball skills. Thanks to the clip which has been circulating on social media that one fan calls him the last remaining investigative journalist while another thinks David should play a role in the next U.S. election declaring only Beckham can moderate the 2024 presidential debates. There you have it, whether he's searching for an opening on the pitch or for the truth, David is relentless. The couple also discusses falling in love in the spotlight with him a huge soccer star and her, a member of the mega-successful Spice Girls.

David Beckham 00:01:41
Everything about Victoria, I loved. I didn't know she was a strong woman that she was and I like that. I don't know whether it was because I wanted her to look after me.

Interviewer 00:01:55
You must have felt safe with her.

David Beckham 00:01:57
Yes, she's a strong, strong woman. Can be a pain in the arse though.

Victoria and David also discussed the rough time after his trade to Real Madrid in 2003 when the pair were surrounded by tabloid allegations of infidelity.

David Beckham 00:02:12
There was some horrible stories that were difficult to deal with. It was the first time that me and Victoria had been put under that kind of pressure in our marriage.

Interviewer 00:02:34
Would you say that was the hardest time in your marriage?

Victoria Beckham 00:02:38
100%. It was the hardest period for us because it felt like the world was against us. And here's the thing, we were against each other if I'm being completely honest. Up until Madrid, sometimes it felt like us against everybody else, but we were together, we were connected, we had each other. But when we were in Spain, it didn't really feel like we had each other either. And that's sad. I can't even begin to tell you how hard it was and how it affected me.

David Beckham 00:03:19

Every time that we woke up, we felt there was something else and we felt that -- I think we both felt at the time that we were not losing each other but drowning.

But ultimately, they were able to weather this turbulent time. And after 24 years of marriage, David and Victoria are still going strong. Ahead of the docuseries release, Victoria said on Instagram on October 3, I couldn't be more proud of you and us. I love you so much, David Beckham. I can't wait for you all to see Beckham.
